Twined Knitting
A pair of classes with guest teacher Laura Ricketts

Class 1
Introduction to Twined Knitting

Twined knitting is a Swedish and Norwegian knitting technique that dates to the 1600s. This slower method of knitting uses Z-spun yarn and produces a delightfully dense fabric. Join us July 21 in an introductory exploration of Twined Knitting. In this class, we will begin to create a cuff or pulsewarmer.

THE ICONIC BRITISH YARN BRAND

Saturday
September 15, 2018
This summer, we invite you to join us for a knitting staycation. No passport and airline hassles. No jetlag. Just hours of enjoyable knitting with knitting friends to cheer you on. At the end of your journey you’ll have a beautiful, authentic, Norwegian style cardigan to wear this fall.

The staff at Sheep’s Clothing will be on hand on Thursdays all summer long to help you with the tailored details of this classic sweater—especially the cut and sewn steeked cardigan opening. We think your cardigan, complete with a knitted facing to cover the raw edges of the steek, will be as beautiful (in it’s own way) as a Norwegian fjord.

Japanese Lace Scarf

A brand new stitch dictionary is full of stitch patterns that will get you fingers itching to start knitting Japanese inspired lace patterns. Heidi will show you how to translate a page in a stitch dictionary into your own scarf pattern. Things to think about include edge stitches, pattern repeats, and revising the chart to make it more friendly to your own style of knitting. You'll also learn a great new way of working the decorative “nupps” that are included in many lacework patterns.
